

GLiFT™

WE'VE GOT YOUR BACK

The patented GLiFT™ is designed to provide best-in-class radiation protection and help “carry the load” for healthcare professionals.

The GLiFT™ Difference

- ✓ Revolutionary design transfers lead weight to hips
- ✓ Designed by healthcare professionals
- ✓ Body contoured design for comfortable all-day wear
- ✓ Economical and proven solution for all healthcare workers

Design Features

- GLiFT™ endoskeleton seamlessly integrates with our Standard Vest and Apron
- Revolutionary endoskeleton transfers lead vest weight from your neck, shoulders and back
- Vest and endoskeleton are designed to act as one system — therefore performing like a standard vest with no behavior modification required
- Designed with extensive input from practicing healthcare professionals
- Core material available in lightweight lead and bilayer lead-free alternative
- Multiple colors and print customization available
- Standard 2-piece and 1-piece apron styles available
- Available in multiple lead equivalency weights ranging from 0.25 to 1.0 mm

Your Back Will Thank You!

Part Number

Description

Standard Vest / Kilt System

Vest Part Number

VST-SM
VST-MD
VST-LG
VST-XL

- Radiation Protection Vest that Incorporates a gravity longitudinal
- individualized force transfer system. Available in lead and lead-free core material.

Kilt Part Number

KLT-SM
KLT-MD
KLT-LG
KLT-XL

- Radiation protection kilt. Available in lead and lead-free core material.

Thyroid Shield

TS-SM
TS-MD
TS-LG
TS-XL

- Radiation protection thyroid shield.
- Available in lead and lead-free core material.

One-Piece Apron System

Apron Part Number

OPA-SM
OPA-MD
OPA-LG
OPA-XL

- Radiation protection system that incorporates a gravity longitudinal individualized force transfer system. Available in lead and lead-free core material.

Thyroid Shield

TS-SM
TS-MD
TS-LG
TS-XL

- Radiation protection thyroid shield.
- Available in lead and lead-free core material.

Protected by U.S. Patent No. 10,729,195 and other U.S. and foreign patents pending.

Latex and DEHP Status:
Latex, BPA, and DEHP Free
